**IMPORTANT
ANNOUNCEMENT**

- We did have to use some back ups for complementary courses that were over capacity or might have changed your courses if you did not have prerequisites.
- We will release CHHS 2025–2026 timetables in mid-August and will send a very limited course change request form at this time for students who completed summer school or for students missing prerequisites.
- **Changes are not guaranteed at this point of the timetable process going forward.**

FINAL COURSE CHANGE REQUESTS

Questions to ask yourself when reviewing your Course Requests

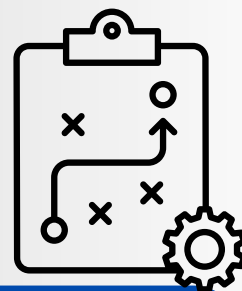

How did Parent
Teacher
Conferences go?

How are your
Report Cards
looking?

Have you talked to
your teacher about
their thoughts?

What is your plan after
high school? Does it
need to adjust? It's
okay to pivot.

CHHS Counsellor Guidelines/Tips and Tricks -
Questions? Come in to see us!

We'd rather have you move to an easier pathway if you are struggling and then work out a plan with you to upgrade if you need to come back to these. There are so many ways to get where you want to go!

Focus on Graduation
Requirements First

CHHS CORE
COURSE GUIDE

SCAN ME

It's not who has the most academic courses when applying to university, college or trade school. It's about the right courses with the competitive average.

Did You Know?

Our biggest course change requests are moves from Math 20-1 to 20-2 and Math 30-1 to 30-2 once students realize they can use this instead or are struggling. Often we don't have enough spots to do this. If you ask for this now, we can create one for you!

Seriously consider Science 20 and 30 if you are not interested in a Science degree after high school or focus on your strongest area to study/the science course(s) need for your plans.
